- **Figure Skating Programming and Bowling Green Skating Club:** Advanced Figure Skating programming offered at the Basic 3 level through the Senior/Gold level. SKATE FITTING

- Proper fitting skates are essential to a successful and safe lesson. Skate size may not be the same as shoe size.
- Skates should fit "snug" around the foot without being too small. There should be enough room to wiggle the toes but not let the heel lift or foot slide while walking or dipping. The closer the fit, the more control is gained.
- Thinner footwear (tights or thin socks) are suggested to allow for the closest fit.
- Proper lacing should consist of pulling the laces tight, beginning at the base of the foot all the way up to the ankle where the laces are crossed over the hooks of a figure skate or tied on a hockey skate. A properly tied skate should provide support around the ankle to help with balance.
- Take time to walk around on the matting before skating to feel for any potential adjustments that may be needed.

PROGRAM DETAILS

- All skaters must obtain the appropriate level of membership corresponding to their skill level to participate (as listed below).
- Skate rental during class included.
- Sport helmet required for ages 3-7, and strongly recommended for all beginners. Must be provided by participant.
- Layered, comfortable clothing and gloves/mittens recommended.
- Registrations accepted on a first-come, first-served basis until classes are full in order to keep an appropriate student/instructor ratio.
- Registration prior to the first day of class is strongly recommended.
- Please arrive and have skaters ready at least 10 minutes prior to class time.
- Parents are welcome to watch lessons, but please see that your presence is not distracting your child or anyone else on the ice.
- Practice pass for six Public Skate sessions for Learn to Skate, Learn to Play and Basic Booster classes. Rental skates not included.
